We look upon this as the most gratifying and important anmake.

COURT MATTERS .- Besides granting of the Divorce Petitions of Minerva vs. W. M. Pettibone, and Mary vs. W. R. Spring, the court has done little but in disposing of the defamation case from Geneva, Mary J. Phillips, vs. H. B. Stephens. Two days were spent in the prelimipary business, and the examination of witnesses, of whom there was a very large number present. On the morning of Friday the third day, the terms of a compromise were agreed upon, which was the rendering of a verdict for the paintiff of \$500 and costs. The cost of suit, attorney's fees, and time and money spent in preparation, will probably carry the whole expenses of the case to \$1,200 or \$1,500.

Among the changes incident to this mortal state, and more especially those occurring within the incorporate limits of Ashtabula, no chronicle has been written concerning the changes that have befallen Joen, whose surname as Thomas. Verily, verily, t is is an oversight, for Jozz, is a man of the day. How it came there, becomes a somewhat grave question. If wa were to venture an opinion on this subject, we should say, that if it did not get there by some etherial, impalpable agency, it must have drifted into that place by its own inherent, imponderable, volatile attributes, in utter contempt of the vulgar distinctions respectively attached to things quick and dead.

THE CONNEAUT ACCOMMODATION, We UM derstand, which has well met the wants and conveniences of the people along the over four years, is to be withdrawn on the 20 h ast. The necessity which requires tals step, will cause a very general feeling of regret. Why, the whole thing from the Brakeman to its very conrteous and agreeable Conductor, was as familiar and pleasant a subject of reflection, as the objecabout our domestic arrangement, and the public will part with them in sadness .-Nothing we think has done more to give the Company a hold upon our kindest impulses like this familiar domestic institution. and we heartily trust that better times will soon arrive, if it only be to give us back our Accommodation, with Morenouse at its head.

RESTRAINING CATTLE.-We have been reques. ted to state, for the benefit of all interested, that there is upon the Village Records, an ordinance in full force, for restraining cattle from running at large after the first of December, and that it is the intention of the Mayor and Council to baxe the same strictly enforced. One object, if not the leading one of this restriction, is to save the vehicles of our farmers from being plundered, while those having them in charge are shopping, or attending to other matters of business.

CLUBBING -By an arrangement with the is justly esteemed the best American Monthly published, we are enabled to offer that work, together with the Telegraph, each for one year, for the sam of \$8.50. Auy one wishing to accept of this offer may do so by commencing on the first of January, 1859.

Subscriptions, either with or without the Telegraph, will be received at this office.

THE WEATHER.-The wet drizely weather that has prevailed so long, turned a sharp corner on Sunday last, and snow fell in the alterpoon, and through the night to the depth of about 8 inches. Bunners took the place of wheels on Monday and Tuesday, but the temperature proved, on the latter day, a little too softening for a continuance of sleighing.

COMPLIMENTARY .- A Ball and supper has been gotten up by the Firemen of Painesville, as a compliment to the Firemen of Ashtabula. Our Firemen left in the 3 o'clock p. m. train, Thursday, to engage in these festivities in the evening.
